

Hatch Happenings By Debby Ennis

On Friday, July 20, kids finally had the opportunity to do something at the library that they have never been allowed to do before—play Hide & Seek! Kids were locked in the library until midnight with activities to keep them busy the whole night. We played games, did a scavenger hunt, ate pizzas and snacks and did duct tape crafts. Thank you to April Martell and Dee Strong for helping to make our Lock In a success!

Thank you to Marianne Cherney and Gracelynn Footit for all of their help with the Red Hot Readers group and to all of the parents for allowing their kids to participate in the Summer Reading Program this year.

What a great time we had at our final special event! Almost 200 people came to see the Soda Pups, five Pomeranian dogs, Squirt, Sierra Mist, Ginger Ale, Dr. Pepper and their newest member, Root Beer. They did everything from riding a skateboard, and a remote controlled car to telling their age. They ended with their famous “Green Bay Packer” trick which everyone enjoyed.

On Craft Day the kids made bracelets and balloon animals out of balloons and took a “library quiz.” All of the kids participating in received a Looney Tunes flash drive. Somehow they talked me into playing “Cheetos Face.” It was a lot of fun but a HUGE mess with whipped cream and Cheetos everywhere!

Be sure to mark your calendars for 1:00 pm on Friday, August 10 when we will be showing the movie “Dr. Seuss’s The Lorax.”

Storytime for kids 2-5 years old will begin on Monday, September, 10th from 10:00-10:30 am. Tuesday, September 11th from 10:00-11:00 am will be the Hatchlings group for kids 0-23 months and accompanied by an adult. No registration is required.

Come “check it out” at the library!
